EXECUTIVE SUMMARY

PROGRESS REPORT 1988/89

CANADA/MANITOBA NORTHERN DEVELOPMENT AGREEMENT
EXECUTIVE SUMMARY - 1988/89

PROGRAM 1 - COMMUNITY REGIONAL/ECONOMIC DEVELOPMENT PLANNING

The objective is to assist local and regional groups and organizations in the identification and development of new employment opportunities. This program is cost-shared (60/40%) between Canada and Manitoba.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
22 new projects approved	ISTC	\$ 679,043
9 projects continuing from earlier years		

PROGRAM 2 - RESOURCE OPPORTUNITY DEVELOPMENT

The objective is to stimulate and respond to locally developed economic development proposals which create new income and employment opportunities. This program is funded 100% by Canada.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
63 new projects approved	ISTC	\$ 4,962,312
23 projects continuing from earlier years		

PROGRAM 3 - NORTHEAST MANITOBA DEVELOPMENT

The objective is to provide for the planning and implementation of development measures for northeast Manitoba. This program is funded 100% by Canada.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
2 new projects approved	ISTC	\$ 393,910
1 project continuing from earlier years		

PROGRAM 4 - RESOURCE DEVELOPMENT

The objective of this program is to undertake development activities relating to northern resources, such as forestry, parks, wildlife and agriculture. This program is funded 100% by the provincial government and is implemented through the Manitoba Departments of Natural Resources and Agriculture.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Forest Renewal	Natural Resources	\$ 1,941,700
Fire Protection	Natural Resources	0
Parks Development	Natural Resources	240,200
Northern Horticulture	Agriculture	88,100
Agricultural Development	Agriculture	1,600
Wild Rice	Natural Resources	177,400
Wildlife Management	Natural Resources	241,800
PROGRAM TOTAL		\$ 2,690,800

PROGRAM 5 - LOCAL GOVERNMENT DEVELOPMENT

The objective of this program is to provide information services, training programs and other developmental assistance to residents of remote northern communities under the jurisdiction of the Manitoba Department of Northern Affairs to enhance local government capabilities. This program is funded 100% by the provincial government and is implemented through the Manitoba Department of Northern Affairs.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Local Government Services	Northern Affairs	\$ 1,559,200
PROGRAM TOTAL		\$ 1,559,200

PROGRAM 6 - CANADA CAREER OPPORTUNITIES

The objective is to train and prepare indigenous people of Manitoba for permanent employment in technical category positions in the Public Service of Canada. This program is funded 100% by Canada.

The Canada Career Opportunities Program was completed on March 31, 1988. Thus no expenditures were incurred in 1988/89.

PROGRAM 7 - CANADA EMPLOYMENT PROGRAMS AND SERVICES

The objective is to provide employment assistance and economic development measures to residents of northern Manitoba. This program is funded 100% by Canada.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Employment Services	CEIC	\$ 1,987,883
Canadian Jobs Strategy	CEIC	<u>5,817,100</u>
PROGRAM TOTAL		\$ 7,804,983

PROGRAM 8 - INDIAN PROFESSIONAL DEVELOPMENT

The objective is to increase the participation of registered Canadian Indians of Manitoba in professional, para-professional, technical, administrative and skilled jobs through educational activities with related support services. This program is funded 100% by Canada.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Regular University Training	DIAND	\$ 1,191,000
PENT	DIAND	0
Mature Entry Program	DIAND	0
Support to BUNTEP Facilities	DIAND	0
Occupational Skills Training	DIAND	0
Indian Band Staff Training	DIAND	0
PROGRAM TOTAL		<u>\$ 1,191,000</u>

PROGRAM 9 - NORTHERN MANITOBA AFFIRMATIVE ACTION

The objective of this program is to increase the participation of northerners, particularly those of Native ancestry, in technical, professional and para-professional opportunities. This program is cost-shared (60/40%) between the federal and provincial governments and is implemented through the Manitoba Department of Employment Services and Economic Security and the Manitoba Department of Education.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
New Careers	Employment Services and Economic Security	\$ 2,038,600
BUNTEP	Education	3,034,000
ACCESS		
University of Manitoba	Education	1,628,500
Community College Access	Education	511,300
Northern Nursing	Education	835,100
Education		
Northern Social Work	Education	1,271,600
Support Services	Education	50,800
PROGRAM TOTAL		\$ 9,369,900

PROGRAM 10 - RELOCATION AND SUPPORT SERVICES

The purpose of this program is to assist residents of northern remote and Native communities in accessing employment and training opportunities. The program is cost-shared (60/40%) between the federal and provincial governments and is implemented through the Manitoba Department of Employment Services and Economic Security.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Employment Counselling and Support Services	Employment Services and Economic Security	\$ 1,229,900
PROGRAM TOTAL		\$ 1,229,900

PROGRAM 11 - YOUTH DEVELOPMENT

The objective of this program is to provide opportunities for young northerners to participate in pre-employment activities to prepare them to enter the labour force. This program is cost-shared (60/40%) between the federal and provincial governments and is implemented through the Manitoba Department of Agriculture and the Manitoba Department of Employment Services and Economic Security.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Youth Corps	Employment Services and Economic Security	\$ 642,900
4-H North	Agriculture	<u>18,000</u>
PROGRAM TOTAL		\$ 660,900

PROGRAM 12 - COMMUNITY SERVICES FOR NORTHERN INDIAN COMMUNITIES

The objective is to provide an established base level of local services to northern Indian Reserves and Status Indian communities. This program is funded 100% by Canada.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Community Roads	DIAND	\$ 1,814,000
Safe Water Supply	DIAND	84,500
Fire Prevention/Protection	DIAND	435,400
Public Works Facilities	DIAND	0
Waste Management	DIAND	<u>0</u>
PROGRAM TOTAL		\$ 2,333,900

PROGRAM 13 - COMMUNITY SERVICES FOR NORTHERN PROVINCIAL COMMUNITIES

The objective of this program is to provide an established base level of local services to northern remote communities under the jurisdiction of the Department of Northern Affairs. This program is cost-shared (60/40%) between the federal and provincial governments and is implemented through the Manitoba Department of Northern Affairs and the Manitoba Department of Highways and Transportation.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Community Roads	Northern Affairs	\$ 359,900
Safe Water and Sewer	Northern Affairs	1,007,700
Fire Prevention/ Protection	Northern Affairs	328,400
Public Works Facilities	Northern Affairs	302,100
Waste Management	Northern Affairs	0
PROGRAM TOTAL		\$ 1,998,100

PROGRAM 14 - REMOTE AIRSTRIPS

The objective of this program is to provide year-round reliable all-weather airstrips and related facilities in remote northern communities which do not possess alternative or adequate transportation and to improve the movement of people, goods and services in the area. This program is cost-shared (60/40%) between the federal and provincial governments and is implemented through the Manitoba Department of Highways and Transportation.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Airport Development	Highways and Transportation	\$ 532,700
PROGRAM TOTAL		\$ 532,700

PROGRAM 15 - MANAGEMENT

The objective is to provide for the management and co-ordination of programs under the NDA which are implemented by federal departments and to provide consultation measures with the northern and Native public. This program is funded 100% by Canada.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
NDA Thompson Office (Federal)	ISTC	\$ 336,585
Program Advisory Committees	ISTC	<u>20,372</u>
PROGRAM TOTAL		\$ 356,957

PROGRAM 16 - PUBLIC INFORMATION

The objective is to inform the northern and general public about the programs and objectives under the NDA; to develop communication techniques; and to ensure a co-ordinated federal/provincial public information system.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Information Packages, News Releases, Community Meetings, Official Openings, Distribution of Printed Materials	ISTC	\$ 28,453
PROGRAM TOTAL		<u>\$ 28,453</u>

PROGRAM 17 - EVALUATION AND CONSULTATION

The objectives are to assess the effectiveness of programs and projects in achieving the objectives of the Agreement and to provide consultative measures with the northern public. This program is cost-shared (60/40%) between Canada and Manitoba.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Evaluation	ISTC	\$ 124,200
Consultation	ISTC	<u>92,400</u>
PROGRAM TOTAL		\$ 216,600

PROGRAM 18 - CO-ORDINATION

The objective of this program is to provide for the administration, co-ordination and management of provincially implemented programs and projects under this Agreement and to ensure the effective participation of provincial agencies and departments. This program is funded 100% by the provincial government and is implemented through the Manitoba Department of Northern Affairs.

<u>Activity</u>	<u>Implementing Department</u>	<u>Expenditures</u>
Agreement Management	Northern Affairs	\$ 198,600
PROGRAM TOTAL		\$ 198,600

Manitoba 

CANADA/MANITOBA NORTHERN DEVELOPMENT AGREEMENT

1982 - 89

PROGRESS REPORT 1988/89

FOREWORD

The Canada/Manitoba Northern Development Agreement was signed in November of 1982 and expires on March 31, 1989. During the period of 1982-89, the Government of Canada committed \$173.21 million and the Government of Manitoba \$88.34 million.

This report, recording progress achieved during the seventh year of the Agreement, (April 1, 1988 to March 31, 1989), begins with a discussion of the Northern Development Agreement, detailing the Agreement's background, strategy, management, financial structure and program structure. This section is followed by the main body of the report, which parallels the format of the Agreement; that is, the Agreement's programming is divided into programs, projects and activities. A summary of expenditures for 1988/89 is provided at the back of the report.

The Co-Managers responsible for the management of the Agreement wish to acknowledge the contributions of those members of the Federal and Provincial departments who submitted, compiled and edited the information presented in this publication.

NORTHERN DEVELOPMENT AGREEMENT

I. Introduction

On November 29, 1982, the governments of Canada and Manitoba signed the Canada/Manitoba Northern Development Agreement. This Agreement has the following objectives:

- a) to develop locally-based income and employment opportunities;
- b) to increase participation of the northern labour force in employment opportunities, particularly in major resource sectors;
- c) to facilitate increased participation of individuals in northern development by removing physical barriers to human and economic development.

On November 17, 1987, the Canada-Manitoba Northern Development Agreement (1982-1987) was extended for two years until March 31, 1989. The total funding committed to the extension by both jurisdictions is \$75,350,000. This increased the total funding by both governments to \$261.55 million to 1989. During the period 1982-89, the Government of Canada committed \$173.21 million and the Government of Manitoba \$88.34 million.

Canada and Manitoba agreed that the two-year extension to the Northern Development Agreement will ensure continuity of the programs while providing the opportunity to review the future of regional development strategies in the northern area of the province and to consult with Native people on the future direction of Native economic programs currently offered by Industry, Science and Technology Canada.

This amended Agreement reflects a continuing commitment by both levels of government to a development strategy which began in 1974 with the Canada/Manitoba Northlands Agreement.

The Northern Development Agreement terminated on March 31, 1989. However, expenditures will continue in 1989/90 in support of projects approved by March 31, 1989.

II. Background - Canada/Manitoba Northlands Agreement

In June 1974, Canada and Manitoba entered into a 10-year General Development Agreement (GDA) for the purpose of selecting and implementing initiatives for the economic and socio-economic development of northern Manitoba. Under the GDA, the Manitoba Northlands Interim Agreement (1974-1976) was signed. This was followed by the Manitoba Northlands Long-Term Agreement (1976-1982). The initiatives under this Agreement were to form an integral part of a strategy designed to encourage the long-term development of northern Manitoba.

III. Strategy

The Northlands Agreement supported socio-economic development measures and assisted in the placement of rudimentary services for rural and remote northern communities. While assistance for programs with these objectives is still required, consultation with northern and Native peoples for a new agreement revealed a need to assist long-term economic development.

IV. The Northern Development Agreement (1982-1989)

The Northern Development Agreement places a greater emphasis on local economic activities through the utilization of the natural resources available. At the same time, the Agreement recognizes that human development measures and community improvements are still required.

V. Northern Development Agreement - Management and Co-ordination

The management structure of the Agreement includes a Ministers' Committee and a Management Board. An Agreement Advisory Committee has been established to assist the Ministers' Committee and Program Advisory Committees have been formed to help the Management Board.

The Ministers' Committee is comprised of the federal Principal Minister (from Industry, Science and Technology, Canada or as designated), and the provincial Principal Minister (from the Department of Northern Affairs).

An Agreement Advisory Committee has been appointed by the Ministers' Committee. This Advisory Committee has eight members who represent northern and Native organizations. Its purpose is to review the progress of programs and projects under the Agreement and to advise on future directions and any other matters referred to them by the Ministers.

A Management Board has been constituted to provide overall management and co-ordination of the Agreement. There are eight members on the Board, four of whom represent federal departments or agencies (Industry, Science and Technology, Canada, Employment and Immigration, Indian Affairs and Northern Development, Public Service Commission) and four of whom represent provincial departments (Northern Affairs, Natural Resources, Employment Services and Economic Security and Manitoba Energy Authority).

Program Advisory Committees have been established by the Management Board to assist in the effective implementation of Programs 1, 2 and 3. Each committee has eight members who represent northern and Native organizations and related federal and provincial departmental officials.

Consultation with Northern Residents

It is the intent of the Northern Development Agreement to provide mechanisms which will allow for effective consultation with the residents of northern Manitoba. Several mechanisms have been developed:

1. The Agreement Advisory Committee which advises the Ministers has the following representation:
 - two elected officials from each of the:
 - Northern Association of Community Councils
 - Manitoba Métis Federation
 - Manitoba Keewatinowi Okimakanak Inc.
 - one elected official from each of the:
 - First Nations Confederacy
 - Interlake Reserve Tribal Council
2. The Program Advisory Committee, which supports the Management Board in the implementation of Program 1 (Community/Regional Economic Development Planning) and Program 2 (Resource Opportunity Development), has the same representation from northern and Native organizations as does the Agreement Advisory

Committee. In addition, there is a similar committee which has been established to consider projects under Program 3 (Northeast Manitoba Development).

VI. Financial Structure

The delivery of programs under the Northern Development Agreement involves a mix of:

- programs funded and delivered by the federal government;
- programs funded and delivered by the provincial government;
- programs cost-shared between Canada and Manitoba and delivered by the federal government;
- programs cost-shared between Canada and Manitoba and delivered by the provincial government.

VII. Northern Development Agreement Program Structure

The Northern Development Agreement attempts to fulfill its objectives by delivering activities under the following four sectors:

- a) Community Economic Development
- b) Human Development
- c) Community Improvement
- d) Management and Consultation

Each sector is divided into programs, projects and activities.

Sector A - Community Economic Development - \$71.8 million

Objective:

- Stimulate and respond to locally-based income and employment opportunities.
- Provide a development program for northeast Manitoba.
- Develop activities relating to northern resources such as forestry, wildlife and agriculture.
- Enhance development of local government in provincial communities.

Sector B: Human Development - \$144.2 million

Objective:

- Increase the participation of the northern labour force in northern employment opportunities through resource development.
- Co-ordinate the preparation of the northern labour force for employment by providing professional, technical and skills training opportunities.
- Provide opportunities for the youth of northern Manitoba to participate in pre-employment opportunities.

Sector C: Community Improvement - \$38.35 million

Objective:

- Provision of basic levels of community services in northern remote communities where extreme health and public safety disparities persist.

Sector D: Management and Consultation - \$7.2 million

Objective:

- Provision of the overall management of the Agreement, as well as planning, consultation, public information and evaluation of the progress and effectiveness of the Agreement.

PROGRESS BY PROGRAM

PROGRAM 1

COMMUNITY/REGIONAL ECONOMIC DEVELOPMENT PLANNING

The purpose of this program is to assist local and regional groups and organizations in the identification and development of new employment opportunities. The program provides for the costs of undertaking analysis, feasibility studies, market research and an array of services necessary to develop sound economic development projects at the local and regional levels.

The program allocation is \$3,500,000 and is cost-shared between Canada (ISTC 60%) and Manitoba (40%). The program is implemented by Industry, Science and Technology, Canada.

In 1988/89, 22 projects were recommended for support by the Program Advisory Committee, composed of representatives of northern and Native organizations and related government officials. Committed amounts to these 22 projects were \$556,644.

Expenditures totalling \$679,043 were incurred in 1988/89. Of this amount, \$354,043 relates to projects approved in 1988/89; \$297,970 relates to 1987/88; \$22,080 relates to 1986/87; \$4,950 relates to projects approved in 1985/86.

(See Table 1)

PROGRAM 2

RESOURCE OPPORTUNITY DEVELOPMENT

The purpose of this program is to stimulate and respond to locally-developed economic development proposals which create new income and employment opportunities. The program provides support to projects which lead to long-term economic development in rural, remote and northern communities.

The program allocation is \$19,649,200 and is funded 100% by Canada (ISTC). The program is implemented by Industry, Science and Technology, Canada.

In 1988/89, 63 projects were recommended for support by the same Program Advisory Committee as stated in Program 1. Committed amounts to these 63 projects were \$7,745,002.

Expenditures totalling \$4,962,312 were incurred in 1988/89 of which \$3,931,467 relates to projects approved in 1988/89; \$758,182 relates to 1987/88; \$222,334 relates to 1986/87; and \$50,329 relates to 1985/86.

6 Projects approved in 1987/88

PROGRAM 3NORTHEAST MANITOBA DEVELOPMENT

The purpose of this program is to provide for the planning and implementation of development measures for northeast Manitoba. The program provides support to the formulation of a development plan for the region, and to the identification, analysis, development and implementation of economic development proposals.

The program allocation is \$1,350,800 and is funded 100% by Canada (ISTC). The program is implemented by Industry, Science and Technology, Canada.

In 1988/89, two new projects were approved for support by the Program 3 Advisory Committee, composed of representatives of northern and Native organizations and related government officials. Committed amounts to these two projects were \$444,000.

Expenditures totalling \$393,910 were incurred in 1988/89 of which \$316,000 related to the two projects approved in 1988/89 and \$77,910 to projects approved in 1987/88.

(See Table 3)

PROGRAM FEE

[illegible]20

PROGRAM 4

RESOURCE DEVELOPMENT

The purpose of this program is to contribute to the economic development of northern communities through the improved usage and management of northern resources while providing employment opportunities for northern residents.

The program allocation is \$40,000,000 and is funded 100% by the provincial government. Projects within this program are implemented by the Manitoba Departments of Agriculture and Natural Resources.

For the period of April 1, 1988 to March 31, 1989, the following projects and activities were initiated to a cost of \$2,690,800.

A. Forestry Management:

The purpose of this project is to assist in the renewal and the protection of forests while creating employment opportunities in northern Manitoba.

1. Forest Renewal:

The purpose of this activity is to provide for a continued supply of wood as well as to contribute to local economic development and employment opportunities.

This activity is implemented by the Manitoba Department of Natural Resources through its Forestry Branch.

This activity provides for initiatives such as site preparation for planting, manual and mechanical tree planting and regeneration surveys.

Please see the attached Table 4A for details of activity initiatives, hours of employment generated and employee type by location.

TABLE 4A
FOREST RENEWAL
1988/89

Location	Activity	No. of Staff Hours	No. of Employees	
			Skilled	Unskilled
ALL (Including the Pineland and Clearwater nurseries)	Silviculture surveys	8,740	10	-
	Movement of seedlings; equipment repairs silviculture equipment development	900	-	2
	Seedling production	5,860	10	-
	Collection of plus trees and seed orchard establishment	4,420	3	15
	Cone collection	3,000	-	45
	Site Maintenance and orchard clearing	2,140	1	-
Totals		25,060	24	62

For the period of April 1, 1988 to March 31, 1989, total expenditures of \$1,941,700 were incurred.

2. Forest Fire Protection:

The purpose of this activity is to provide for the placing, equipping and maintaining of fire suppression crews in order to facilitate the effective protection of the forest resource.

This activity is implemented by the Manitoba Department of Natural Resources through its Regional Services Branch.

For the period of April 1, 1988 to March 31, 1989, no expenditures were incurred for display under the Northern Development Agreement. (Note: The full amount of the Northern Development Agreement allocation to Forest Fire Protection has been expended. The services provided through this activity continue to be implemented by the provincial government.)

B. Parks Development

1. Parks Development

The purpose of this project and its related activity is to provide for the construction and/or improvement of parks infrastructure in northern Manitoba in order to enhance utilization of recreational resources, as well as increase local employment.

This activity is implemented by the Manitoba Department of Natural Resources through its Parks Branch.

Please see the attached Table 4B for details of the activity locations and hours of employment generated.

For the period of April 1, 1988 to March 31, 1989, total expenditures of \$240,200 were incurred.

C. Agricultural Opportunities:

The purpose of this project is to provide for research, development and ongoing support for activities aimed at advancing agricultural production in northern Manitoba.

1. Northern Horticulture:

The purpose of this activity is to provide for the development of local horticultural skills, technical assistance in support of crop production and the provision of workshops and demonstrations on garden tunnel operations.

This activity is implemented by the Manitoba Department of Agriculture.

This activity provides such services as land-breaking, tilling, the provision of tillage equipment, research material and horticultural information, as well as workshops and demonstrations on garden and tunnel technique. Please see Table 4C for details of the activity's initiatives by community.

For the period of April 1, 1988 to March 31, 1989, total expenditures of \$88,100 were incurred.

COMMERCIAL PROJECTS

Northern Horticulture provided technical back-up to the following semi-commercial projects:

1. Berens River Womens Greenhouse/Market Garden Training Program and Co-op pilot project.
2. Lingonberry Project Collection and cottage industry processing. (Collaborative effort of individuals and groups in Lynn Lake, South Indian Lake, Leaf Rapids and Brochet.)
3. Flin Flon Bedding plant enterprise.
4. Snow Lake Greenhouse operation; poultry and goat operation and pick-your-own vegetables operation.
5. Island Lake
 (Stevenson Island) Potato operation on remote island; greenhouse for bedding plants, cucumbers and tomatoes currently under construction on Stevenson Island.
6. Island Lake
 (St. Theresa Point) Land clearing, potato production and tunnel greenhouse construction.
7. Island Lake
 (Wasagamach) Land development and early production stages of vegetables and potatoes for local sales.
8. Thompson Five-year agricultural lease on 200 acres of clay soil twenty miles south of Thompson. The applicant plans to harvest timber and break the land in 1989, and prepare seed beds for potatoes, vegetables, and forage seed in 1990.
9. Wabowden Three individual operations:
 - Greenhouse and market garden vegetable and fruit operation near Setting Lake.
 - Cooperative forage hay trial with the Department of Agriculture on Thicket Road near Wabowden.
 - Potato operation on home-yard site.
10. York Landing Land development of two acres for future development of a small-scale potato operation.

2. Agricultural Development:

The purpose of this activity is to identify potentially viable agricultural Crown land in Manitoba's north.

This activity is implemented by the Manitoba Department of Agriculture.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$1,600 were incurred under this activity to support the development of agricultural opportunities in northern Manitoba.

3. Wild Rice:

The purpose of this activity is to assist residents of northern Manitoba to achieve a leading role in the wild rice industry.

This activity is implemented by the Manitoba Department of Natural Resources, through the Wild Rice Section of its Lands Branch.

This activity provides for initiatives such as the licensing of wild rice producers; a wild rice seeding program to explore potentially productive areas; liaison and consultation with the various interest groups and agencies; and the provision of information, advice and technical support to producers and potential producers.

During 1988, research continued to be an important part of the Wild Rice Program. The Wild Rice Section continued five research projects on identified production problems: nutrients, seed maturation, seed viability, water level manipulation and remote sensing.

For the period of April 1, 1988 to March 31, 1989, a total of 419 licences, 45 harvest permits and 7 buyer's permits were issued.

The 1988 wild rice harvest yielded a province-wide production total of 1,688,195 pounds. Purchases made by wild rice buyers for 1988/89 totalled 1,522,768 pounds at an average price of \$.59 per pound.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$177,400 were incurred.

D. Wildlife Management:

1. Community Wildlife Management:

The purpose of this project and its related activity is to provide for the protection and effective utilization of local wildlife resources in northern Manitoba.

This activity is implemented by the Manitoba Department of Natural Resources through its Wildlife Branch office in Thompson.

This activity provides for such initiatives as the continuation of Manitoba's commitments to the "Beverly and Kaminuriak Barren-ground Caribou Management Agreement" (an inter-jurisdictional management plan for barren-ground caribou); consultations regarding the management of moose and woodland caribou; a polar bear management program and formulation of the wildlife management plan at Cape Churchill. In addition, continuing assistance is provided to the Wildlife Advisory and Planning Board under the Northern Flood Agreement.

Initiatives for 1988-89 included:

- 68 land use applications were reviewed and comments provided.
- 34 licensing advisory committee applications were reviewed and comments provided.

Please see Table 4D for specific details outlining the content and significant progress of these initiatives.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$241,800 were incurred.

TABLE 4D

TABLE 4D
WILDLIFE MANAGEMENT
1988/89

Initiatives	Summary Description/Accomplishments
Public Information and Education	a) Public information/education on general and specific wildlife topics were provided through public presentations/meetings, special presentations and the media. b) A "School's Contest" to raise youth awareness of the value of barren-ground caribou was continued. c) An article on Pukatawagan moose census was provided for local Pukatawagan newsletter. Work commenced on draft of a brochure on polar bears. d) Information provided to numerous newspapers, magazines, television and radio reports concerning polar bear management and biology.
Administration	a) Comments on 68 land use applications provided to Resource Planning Committee. b) Comments on 34 Licencing Advisory Committee applications provided to Resource Allocation Working Group. c) Financial assistance was provided to the Barren Ground Caribou Management Board. d) Financial assistance was provided for the continued publications of the "Caribou News". e) General administrative duties were performed.
Staffing	Community representatives were employed in Lac Brochet (April 1 - May 20, 1988 and February 18 - March 31, 1989); in Tadoule Lake (April 1, 1988 - May 20, 1988 and February 18 to March 31, 1989); and in Shamattawa (November 6, 1988 - March 31, 1989).

PROGRAM 5

LOCAL GOVERNMENT DEVELOPMENT

The purpose of this program is to provide information services, training programs and other developmental assistance to enhance the local government capabilities of those residents of communities under the jurisdiction of the Manitoba Department of Northern Affairs.

The program allocation is \$7,300,000 and is funded 100% by the provincial government. Activities included within this program are implemented by the Manitoba Department of Northern Affairs, through the Local Government Development Division.

A. Local Government Development

1. Local Government Services:

This activity provides a co-ordination and advisory service in a number of diverse areas, including monitoring and advising northern communities on local affairs and legislative policy, directing and assisting local government administration and developing local government capacities for community delivered projects. Projects are complemented by the training of community councils and employees in such functions as local hiring procedures, tenders administration, material purchases and project monitoring.

The activity also provides co-ordination for local fire and emergency training by assisting community and regional fire departments with financial administration, equipment purchases, and inventory management services; co-ordinates the organization of the tri-annual community census; co-ordinates the hiring of community constables and the acquisition of related equipment; provides engineering and design services related to capital projects and community infrastructure; and provides training for maintenance and operation of community sewer and water systems. Additional training programs provided include seminars for municipal government staff on various aspects of community administration.

During fiscal year 1988/89, Mayors and Councillors Institutes were held in each region and covered various topics of concern. In addition, budget review meetings were held in each region to prioritize capital expenditures.

Two new communities have been recognized under Northern Affairs: Rock Ridge and Spence Lake (Dauphin). The community of Fisher Bay advanced from Trust to Self-Administration status. The community of Dawson Bay advanced from Contact status to Committee status.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$1,559,200 were incurred.

PROGRAM 6CANADA CAREER OPPORTUNITIES

The purpose of this program was to increase the participation of Indigenous people in the Public Service of Canada by increasing employment opportunities in technical category positions. The program supported the recruitment and training of Indigenous residents of Manitoba, and of northern Manitoba in particular, in developmental positions within federal departments and agencies.

The program allocation was \$1,400,000 and was funded 100% by Canada (ISTC). The program was implemented by Industry, Science and Technology Canada, with the assistance of the Public Service Commission, Manitoba region.

The Canada Career Opportunities Program was completed on March 31, 1988. Thus no expenditures were incurred in 1988/89.

PROGRAM 7CANADA EMPLOYMENT PROGRAMS AND SERVICESINTRODUCTION

The purpose of this program is to provide the direct funding of projects to provide residents of northern Manitoba with employment development and related services to assist their participation in northern economic activities.

The program allocation for the seven year term of the Northern Development Agreement is \$56,000,000. Employment and Immigration Canada implements the program and provides 100% of the funding. In 1988/89, the program was implemented through two projects: Employment Services and Canadian Jobs Strategy. For 1988/89, total expenditures for display under the Northern Development Agreement were \$7,804,983.

Employment Services

The objective of this project is to provide employment services to northern Manitoba employers, community organizations and individuals through a network of Canada Employment Centres and Outreach Projects. In 1988/89, expenditures displayed under the Northern Development Agreement were \$1,987,883. The project had two related activities:

1. Services by Canada Employment Centres

In 1988/89, Canada Employment Centres in northern Manitoba referred 9,154 people to employers resulting in 4,133 job placements. A major portion of this activity entailed the referral and placement of northern residents at the Limestone Hydro Project; 643 northern residents were placed with employers on the project. (See Table 7A)

For 1988/89, total expenditures for display under the Northern Development Agreement were \$1,100,000.

The Pas/Flin Flon	2,572	1,125	1,269	917
Thompson	1,671	1,468	1,226	281

2. Outreach Program

Eighteen projects were supported under the Outreach Program. The projects, operated by agencies within the communities, provide a range of employment services as an extension of the services provided by Canada Employment Centres. (See Table 7B)

For 1988/89, total expenditures for display under the Northern Development Agreement were \$887,883.

Canadian Jobs Strategy

The objective of this project is to assist eligible individuals to acquire necessary training, work experience or other services to enable them to take advantage of employment opportunities available and to assist eligible employers and employer associations to provide necessary training and other employment preparation activities for their employees.

In 1988/89, total expenditures for display under the Northern Development Agreement were \$5,817,100. The project has three related activities.

1. Services to Individuals

Assistance to individuals to participate in training and other employment preparation activities included:

- a) arrangements for individuals to enroll in institutional training courses, payment of the costs of training and payment of income support while they participated in training courses;
- b) financial assistance to re-locate to take new jobs and to look for work in other areas; and
- c) financial assistance to organizations to hire students for summer employment and work experience.

In 1988/89, expenditures for display under the Northern Development Agreement on this activity were \$2,194,000.

2. Assistance to Employers and Employer Associations

Assistance provided to employers and employer associations under this activity included financial assistance for the operation of employee training with the assistance provided for the cost of training and wage subsidies.

In 1988/89, expenditures for display under the Northern Development Agreement on this activity were \$1,778,000.

3. Direct Job Creation and Assistance to Communities

Assistance to northern residents, community associations and communities under this activity included:

- a) financial assistance to projects through which short-term jobs were created for unemployment insurance recipients; and
- b) financial assistance to community-based Community Futures Committees and to associated Business Development Centres for the development of measures for economic development, expansion of businesses and the creation of new businesses with the objective of creating long-term jobs.

In 1988/89, expenditures for display under the Northern Development Agreement on this activity were \$1,845,100.

PROGRAM 8

INDIAN PROFESSIONAL DEVELOPMENT

The purpose of this program is to provide assistance which will increase the participation of registered Canadian Indians of Manitoba in professional, para-professional, technical, administrative and skilled jobs through post-secondary and other educational activities with related support services.

The program allocation is \$14,200,000 and is funded 100% by Canada (DIAND). For 1988/89, total expenditures for display under the Northern Development Agreement (NDA) were \$1,191,000.

Under the Indian Professional Development Project, the following six activities may be implemented. In 1988/89, one of these activities incurred expenditures.

1. Regular University Training - assistance was given to 141 students enrolled at universities, community colleges and other post-secondary institutions. In 1988/89, expenditures incurred for display under the NDA were \$1,191,000.
2. PENT (Project for Education of Native Teachers) - provides assistance to teacher aides enrolled at Brandon University for teacher training. In 1988/89 no expenditures were incurred for display under the NDA.
3. Mature Entry Program - provides assistance to persons attending Brandon University as "mature" students. In 1988/89, no expenditures were incurred for display under the NDA.
4. Support to BUNTEP Facilities - DIAND may provide support for the provision of teaching facilities and utility services to a number of BUNTEP centres on Indian Reserves. In 1988/89, no expenditures were incurred for display under the NDA. (Actual costs are included within Regular University Training).
5. Occupational Skills Training - provides assistance to persons enrolled in educational centres for job training, academic upgrading and occupational skills training. Types of activities may include general welding, carpentry, electrical, plumbing, auto mechanics, clerk-typing, job readiness and on-the-job training. In 1988/89, no expenditures were incurred for display under the NDA.

6. Indian Band Staff Training - provides assistance for the acquisition of skills in management at the Indian Band Council level and within local communities. In 1988/89 no expenditures were incurred for display under the NDA.

During the past year, Indian Professional Development, as displayed under the NDA, has been delivered by many Indian organizations. Contribution Agreements relating to the administration and financial control of all activities under the program were entered into between DIAND and many northern Indian organizations.

PROGRAM 9NORTHERN MANITOBA AFFIRMATIVE ACTION

The purpose of this program is to increase the participation of northern residents, particularly those of Native ancestry, in technical, professional and para-professional opportunities.

The program allocation is \$59,400,000 and is cost-shared (60/40%) between the federal and provincial governments. Projects within this program are implemented by the Manitoba Department of Employment Services and Economic Security and the Manitoba Department of Education.

For the period April 1, 1988 to March 31, 1989, the following projects and activities were implemented by the province at a cost of \$9,369,900.

A. Career Training:

The purpose of this project is to provide residents of northern Manitoba with opportunities for direct employment training.

1. New Careers:

The purpose of this activity is to provide northern Manitobans, particularly those of Native ancestry, with an alternative adult post-secondary education and training program leading to meaningful full-time employment in the public and private sectors. The community-based education approach combines classroom instruction with on-the-job training.

This activity is implemented by the Manitoba Department of Employment Services and Economic Security.

Please see the attached Table 9A for details of the activity.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$2,038,600 were incurred.

B. BUNTEP (Brandon University Northern Teacher Education Program)

The purpose of this project is to increase the participation of residents of northern Manitoba in employment opportunities through the provision of a field-based teacher training program.

1. BUNTEP

The purpose of this activity is to assist northern residents to acquire the educational background to qualify for teaching positions and thereby stabilize the supply of teachers in northern and remote communities.

This activity is implemented by the Manitoba Department of Education through its Post-Secondary Career Development Branch.

This activity provides for field based post-secondary teacher training, delivered in accordance with an agreement between the Department of Education and Brandon University. The activity provides students with financial assistance, as well as academic and personal support.

Please see the attached Table 9B for details of the activity's enrollment statistics by location.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$3,034,000 were incurred.

C. ACCESS:

The purpose of this project is to increase the participation of northern residents, particularly those of Native ancestry, in employment opportunities through the provision of post-secondary education and training.

The project is implemented by the Manitoba Department of Education through its Post-Secondary Career Development Branch.

The project and its activities provide students with financial assistance, as well as academic and personal supports.

* As at April 1, 1988

** As at March 31, 1989

Please see the attached Table 9C for details of the project's enrollment statistics.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$4,297,300 were incurred. These costs included those for ACCESS support services which were \$50,800, as well as expenditures in the following activities.

1. ACCESS - University of Manitoba (U.M.A.P.)

The purpose of this activity is to increase the accessibility of northern Manitobans to a university education. A variety of degree level courses are available through various faculties at the University of Manitoba.

Included under this activity are the Special Pre-Medical Studies Program (SPSP) and the Professional Health Program (PHP), which are also delivered through the University of Manitoba. Under SPSP, students take the pre-medical courses required to continue medical studies. Upon completion of SPSP, students who are accepted into professional health faculties (eg. Medicine, Dentistry, Pharmacy) may be assisted under PHP.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$1,628,500 were incurred.

2. Community College ACCESS Program (C.C.A.P.)

The purpose of this activity is to increase the accessibility of northern Manitobans to a community college education. A variety of courses are available at Red River Community College.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$511,300 were incurred.

3. ACCESS - Northern Nursing Program

The purpose of this activity is to increase the accessibility of northern Manitobans to registered nursing training. This program is delivered in Thompson.

For the period of April 1, 1988 to March 31, 1989 expenditures of \$835,100 were incurred.

4. ACCESS - Northern Bachelor of Social Work Program

The purpose of this activity is to increase the accessibility of northern Manitobans to a Bachelor of Social Work degree program. This program is delivered in Thompson.

For the period of April 1, 1988 to March 31, 1989 expenditures of \$1,271,600 were incurred.

PROGRAM 10

RELOCATION AND SUPPORT SERVICES

The purpose of this program is to increase employment opportunities as well as provide related support services to northern Manitobans, particularly those of Native ancestry.

The program allocation is \$9,400,000 and is cost-shared (60/40%) between the federal and provincial governments.

Activities within this program are implemented by the Manitoba Department of Employment Services and Economic Security.

A. Employment Services:

1. Employment Counselling and Support Services:

The purpose of this project and its related activity is to increase employment opportunities for and provide related support services to northern Manitobans, particularly those of Native ancestry.

The activity is implemented by the Manitoba Department of Employment Services and Economic Security through its Churchill, Thompson/ Limestone, The Pas/Flin Flon, Leaf Rapids and Lake Winnipeg Northern Employment and Support Services (NESS) offices.

The services delivered by Northern Employment and Support Services (NESS) include job creation, employment assistance, relocation support, youth employment and assistance in training identification. Counselling and financial assistance are provided to help individuals access any of the employment programs/opportunities which are available. In 1988/89, NESS engaged approximately 2,665 northern residents, both Native and non-Native in its activities.

Within its services, the NESS Thompson office provides specific support to the Limestone Hydro Project. An on-site counselling service has been established. Counsellors provide site orientations, personal counselling and crisis intervention focusing on work adjustment problems, cross-cultural adjustments and money management. During the past year, 241 individuals were in contact with the Thompson/Limestone counselling centres.

As well, all NESS offices provide support to individuals before they arrive at the construction site. The regional offices disseminate information on employment opportunities at the Limestone site, register individuals, conduct pre-employment counselling and provide financial assistance for transportation, tools and/or work clothing. During the 1988/89 construction season, 92 individuals received financial assistance in support of employment at Limestone.

Please see the attached Tables 10A and 10B for details.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$1,229,900 were incurred.

PROGRAM 11YOUTH DEVELOPMENT

The purpose of this program is to provide opportunities for young residents of northern Manitoba to participate in activities which prepare them to enter the labour force.

The program allocation is \$3,800,000 and is cost-shared (60/40%) between the federal and provincial governments. Activities included within this program are implemented by the Manitoba Departments of Agriculture and Employment Services and Economic Security.

For the period of April 1, 1988 to March 31, 1989, the following projects and activities were initiated at a cost of \$660,900.

A. Career Awareness:

The purpose of this project is to broaden the awareness and experience of young people by providing activities which increase career opportunities and which provide participation in work experience.

1. Youth Corps:

The purpose of this activity is to assist northern youth, particularly those of Native ancestry, in obtaining summer employment which pertains to community improvement.

This activity is implemented by the Manitoba Department of Employment Services and Economic Security through its Northern Employment Support Services Branch.

Please see the attached Table 11A for details of the activity's sponsors, participation by region and statistics concerning youth and supervisors employed.

For the period of April 1, 1988 to March 31, 1989 expenditures of \$642,900 were incurred.

B. Leadership Training:

The purpose of this project is to provide youth with specific leadership skills in order that they may participate more effectively in community development.

1. 4-H North:

The purpose of this activity is to assist northern youth, particularly those of Native ancestry, in gaining attitudes, knowledge and skills which will contribute towards greater participation in community development in northern Manitoba.

This activity is implemented by the Manitoba Department of Agriculture through its Technical Services and Training Branch.

This activity provides funding for member and leader transportation costs, as well as materials, manuals and supplies.

Projects undertaken by club members include those in the areas of clothing, foods, handicrafts, beef, horses, outdoor living, photography, gardening and junior leadership.

Please see the attached Table 11B for details of 4-H club membership and leader participation by community.

For the period of April 1, 1988 to March 31, 1989 expenditures of \$18,000 were incurred.

PROGRAM 12

COMMUNITY SERVICES FOR NORTHERN INDIAN COMMUNITIES

The purpose of this program is to provide an established base level of local services to northern Indian Reserves and Status Indian communities.

The program allocation is \$16,800,000 and is funded 100% by Canada (DIAND). The identification of activities, under the projects of the program, is based upon comprehensive community plans and a priority of community needs as determined by Indian Band Councils in conjunction with DIAND.

The following projects may be implemented under the program. In 1988/89, three of these projects incurred costs under the NDA of \$2,333,900.

A. Community Roads

This project provides for the design, construction and/or upgrading of internal transportation systems. In 1988/89, expenditures under the NDA were \$1,814,000. (See Table 12A)

B. Safe Water Supply System

This project provides for one or more sources of potable water with rudimentary or higher level of delivery systems as warranted. Expenditures incurred under the NDA in 1988/89 were \$84,500. (See Table 12B)

C. Fire Prevention/Protection

This project provides for fire-fighting equipment, the training of local volunteers and fire prevention activities. In 1988/89, expenditures incurred under the NDA were \$435,400. (See Table 12C)

D. Public Works Facilities

Facilities related to community services (eg. community hall, multi-purpose administrative building) are supported under this project. In 1988/89, no expenditures were incurred under the NDA.

E. Waste Management

This project provides facilities for the disposal of waste material. In 1988/89, no expenditures were incurred under the NDA.

PROGRAM 13COMMUNITY SERVICES FOR NORTHERN PROVINCIAL COMMUNITIES

The purpose of this program is to provide an established base level of local services to northern remote communities under the jurisdiction of the Manitoba Department of Northern Affairs. Such services include community roads, safe water and sewer, fire prevention and protection, public works facilities and waste management.

The program is implemented by the Manitoba Departments of Northern Affairs and Highways and Transportation.

The program allocation is \$16,800,000 and is cost-shared (60/40%) between the federal and provincial governments.

For the period of April 1, 1988 to March 31, 1989, the following projects and activities were initiated at a cost of \$1,998,100.

A. Community Roads:

The purpose of this project is to construct or upgrade the northern internal community transportation system in order to improve the delivery of goods and public services, as well as provide for safe movement of northern residents.

1. Internal Roads and Transportation Facilities:

The purpose of this activity is to design, construct and/or upgrade the northern internal community transportation system.

This activity is implemented by the Manitoba Departments of Northern Affairs and Highways and Transportation.

Please see the attached Table 13A for further details.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$359,900 were incurred.

B. Safe Water and Sewer:

1. Safe Water and Sewer:

The purpose of this project and its related activity is to provide for a basic level of potable water service to rural and remote northern communities, as well as a higher level of water and sewer service to those communities more advanced in townsite organization.

This activity is implemented by the Manitoba Department of Northern Affairs.

Please see the attached Table 13B for further details.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$1,007,700 were incurred.

C. Fire Prevention and Protection:

1. Fire Prevention and Protection:

The purpose of this project and its related activity is to provide for a basic level of fire fighting and protection service to rural and remote northern communities through the construction of fire halls and equipment shelters, the purchase of equipment and the offering of training programs.

This activity is implemented by the Manitoba Department of Northern Affairs in co-operation with the Provincial Fire Commissioner's Office.

Please see the attached Table 13C for further details.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$328,400 were incurred.

CD - Community Delivery

DD - Departmental Delivery

D. Public Work Facilities:

1. The purpose of this project and its related activity is to assist northern communities in attaining a basic level of public works facilities in order to provide and/or improve local community services.

This activity provides for the design, construction, major renovation and/or relocation of community buildings and other public works facilities.

This activity is implemented by the Manitoba Department of Northern Affairs.

Please see the attached Table 13D for further details.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$302,100 were incurred.

E. Waste Management

1. Waste Management

The purpose of this project and its related activity is to provide for a basic level of waste management facilities and services to northern communities.

This activity is implemented by the Manitoba Department of Northern Affairs.

For the period of April 1, 1988 to March 31, 1989, no expenditures were incurred for display under the Northern Development Agreement. (Note: The full amount of the Northern Development Agreement allocation to Waste Management has been expended. The services provided through this activity continue to be funded and implemented 100% by the provincial government.)

PROGRAM 14REMOTE AIRSTRIPS

The purpose of this program is to provide year-round, reliable, all-weather airstrips and related facilities in rural and remote northern communities which do not have alternative or adequate means of transportation. The program allocation is \$4,750,000 and is cost-shared (60/40%) between the federal and provincial governments.

Projects within this program are implemented by the Manitoba Department of Highways and Transportation through its Northern Airports and Marine Division.

A. Air Transportation Facilities:1. Airport Development:

The purpose of this project and its related activity is to provide remote and northern communities with all-weather airstrips and facilities to improve the movement of people, goods and services, as well as to improve medical and other evacuation capabilities.

This activity is implemented by the Manitoba Department of Highways and Transportation through its Northern Airports and Marine Division.

Please see the attached Table 14 for further details.

For the period of April 1, 1988 to March 31, 1989, expenditures of \$532,700 were incurred.

PROGRAM 15

MANAGEMENT

The program provides for the management and co-ordination of federally-implemented Northern Development Agreement Programs by Canada, through a Northern Development Office in Thompson. In particular, the office was established by Industry, Science and Technology Canada (ISTC) to co-ordinate northern economic development programs under the Agreement with other federal and provincial complementary programs. The Thompson office, in addition, is to provide for consultation measures with the northern and Native public on how best to achieve the objectives of the Agreement.

The program allocation is \$3,440,000 and it is implemented and funded 100% by Canada (ISTC). In 1988/89, expenditures under the program were \$356,957.

There are two activities in the program - Northern Development Office and Program Advisory Committees.

The Northern Development Office

Three ISTC officers with support staff administered the program during the year. Two officers from CEIC and one support staff continued to be located in Thompson to assist in the federal co-ordination of programs under the Agreement. The officer from DIAND, earlier transferred to Winnipeg, continued to provide services to the Thompson office as required.

Consultation services were effected through the Program Advisory Committees and through the renewed contracted services of one Liaison Co-ordinator, representing the Manitoba Keewatinowi Okimakinak Incorporated (Status Indians).

In 1988/89, administrative expenditures in support of the Thompson Office were \$336,585.

Program Advisory Committees

In 1988/89, the Program Advisory Committee met eight times to review 83 proposals under Programs 1 and 2.

The Advisory Committee established to assist in the implementation of Program 3 met once in 1988/89 to review two proposals.

Expenditures in support of Program Advisory Committee meetings were \$20,372.

PROGRAM 16PUBLIC INFORMATION

The program is to inform the northern general public about the strategy, objectives, programs and projects under the Agreement; to develop communication techniques and to ensure a co-ordinated federal/provincial public information system.

The program allocation is \$760,000 and is funded 100% by Canada (ISTC). In 1988/89, expenditures in support of the program were \$28,453.

Activities performed during the year included assisting individuals and groups in organizing official openings, writing news releases, attending community meetings and distributing printed material.

PROGRAM 17

EVALUATION AND CONSULTATION

This program is to conduct an evaluation exercise to assess the effectiveness of the Northern Development Agreement, its programs and projects in achieving their objectives. In addition, the program is to provide for consultative meetings between the Ministers' Committee and Agreement Advisory Committee, and to provide for other measures to support the participation of northern and Native residents.

The program allocation is \$1,700,000 and is cost-shared between Canada (ISTC 60%) and Manitoba (40%). The program is implemented by Industry, Science and Technology Canada. In 1988/89, total expenditures were \$216,600.

There are two activities in the program - Evaluation and Consultation. In 1988/89, expenditures in support of Evaluation were \$124,200 and expenditures in support of Consultation were \$92,400.

Evaluation

The evaluation exercise, approved in earlier years by the Management Board of the Northern Development Agreement, was completed in 1988/89. This evaluation related to the following programs:

- Program 1 Community/Regional Economic Development Planning,
- Program 2 Resource Opportunity Development,
- Program 9 Northern Manitoba Affirmative Action, and
- Program 13 Community Services for Northern Provincial
 Communities.

In addition to the above evaluations, a discussion paper was developed on the co-ordination and consultation mechanisms of the Northern Development Agreement.

During 1988/89, a Native-Directed evaluation, previously approved by Management Board, was completed. This evaluation reviewed the effectiveness of the Agreement and all of its programs and was undertaken by the Agreement Advisory Committee.

Consultation

The Agreement Advisory Committee (AAC) and NDA Management Board met on September 9, 1988, to discuss the progress of the Native-directed evaluation study. The study was later submitted by the AAC to the Principal Ministers of the Agreement.

The contract which supported two liaison officers to assist the Native committee in conducting the Native-directed evaluation expired on March 30, 1989.

On March 31, 1989, Canada (ISTC) and the Manitoba Keewatinow Okimakinak (MKO) as "consultant" signed a one-year contract which would support one liaison officer as an MKO employee. The duties of this officer entailed on-going consultative services, the monitoring of northern issues and eliciting feedback from northern residents on the NDA and related matters.

PROGRAM 18CO-ORDINATION

The purpose of this program is to provide for the administration, co-ordination and management of the Northern Development Agreement by Manitoba, to ensure the effective participation of all associated provincial departments and agencies. The program allocation is \$1,300,000 and is funded 100% by the provincial government.

For the period of April 1, 1988 to March 31, 1989, the following project and activity was implemented at a cost of \$198,600.

A. Northern Development Agreement Management:

1. Agreement Management

This activity is implemented by the Manitoba Department of Northern Affairs through the Northern Development and Co-ordination Branch of the Agreements Management and Co-ordination Division.

In general, the Northern Development and Co-ordination Branch provides the following Agreement-related administrative and co-ordinating functions:

1. The monitoring and supervision of agreement-related programming to ensure programs are consistent with both the terms of the Northern Development Agreement and the policies of the Province of Manitoba.
2. The establishment and maintenance of effective inter-departmental as well as intra-jurisdictional liaison, consultation and co-ordination with federal and provincial departments in areas of joint and parallel programming.
3. The maintenance, refinement and expansion of information systems to ensure an effective and efficient monitoring and analysis of agreement related issues, performance and progress.
4. Provision of information to northern residents concerning Northern Development Agreement programs, both with respect to program participation and input, as well as available resource and development opportunities.

During the period of this report, initiatives undertaken by the branch included:

1. Preparation and presentation of strategies, discussion papers and impact analysis relative to provincial negotiating positions with the federal government.
2. Negotiation and preparation of Northern Development Agreement extension documents.
3. Assistance to provincial departments with respect to the annual preparation and presentation of financial estimates.
4. Direct participation in Program Advisory Committee meetings (eight in 1988/89) with respect to the provision of assistance and the analysis of projects.
5. The preparation and presentation of relevant information pertaining to Agreement management, co-ordination and programming for Management Board.
6. On-going assistance to the Evaluation Sub-Committee of the Northern Development Agreement and Program Evaluation Steering Committees, and preparation of materials pertaining to the evaluation process.
7. Collection and analysis of provincial program performance data on a monthly and quarterly basis.
8. The collection and analysis of progress report information on provincially implemented programs throughout the report period. Planning and preparation of progress report information was jointly undertaken and accomplished by the Northern Development and Co-ordination Branch and federal representatives.
9. A work plan for fiscal year 1988/89 was negotiated and produced, including all provincially-implemented programming.
